CONGRESSIONAL.

L. A. Mackey, the Ring Candidate on the Democratic ticket, assumes to be the great friend of the working people of all classes, and that Centre county irrespective of party ought to accord him a hearty support, because he has done so much for them by giving them great railroad facilities. He, as is well known, is president of the Bald Eagle Valley Railroad company, the freights on which, are so exorbitant as to militate against the farmers, mechanics, manufacturers and merchants of this county. Let us cite an instance: The other day a merchant in this town made a sale of several hundred weight of tallow. The merchant to whom he sold had bought a lot of tallow in Johnstown, and shipped it to Philadelphia—freight from Johnstown to Philadelphia being 24 cts per hundred weight. He paid the same price for tallow here that he did there. When he came to inquire the rate of freight form here to Phila. he was surprised to find that it was *fifty-nine* cents per hundred weight, *thirty-five* cents *more* per hundred weight than from Johnstown. The merchant refused to take the tallow, as the extra freight would make it a losing business. The rate of freight from Bellefonte to Tyrone, over L. A. Mackey's railroad is just 35 cts per hundred weight, a distance of about thirty-three miles, while on the Penn. Central railroad it is only twenty-four cents per hundred weight from Johnstown to Phila., a distance of nearly three hundred miles. That is the kind of railroad facilities L. A. Mackey gives the people of Centre county, and then *he* professes to be against corporations and extortions, yet heads two of them. With just freights over the Bald Eagle Railroad, Bellefonte would before now have had many more manufacturing interests successfully established, and the town been much enlarged and enlivened, but Mackey's railroad frightened every enterprise away that has sought location here.

Then will the people of Centre county vote for L. A. Mackey for Congress, who heads a corporation that *robs* them daily, reduces the price of grain, (as the high freight comes off the farmer) and grows rich at their expense? Surely not. Then let them heartily support C. T. Alexander for Congress, and Hon. J. B. McEnally for Judge, who are of the people and will at all times guard and protect their interests and labor in their behalf.

LOVE vs SPANGLER.

It is not an unusual thing now-a days for Democratic office seekers to take the advantage of writing themselves up in the local prints. The Centre Hall *Reporter* was full of stuff last week, written by Democratic office holders and candidates. Among them we readily detect the style and language of Jack Spangler. His awkward way of putting up sentences while writing for the *Watchman* has not left him. His attempt at a pen-and-ink portraiture of his opponent, John G. Love, Esq., is about a fair specimen of Spangler's calibre and ability. The article itself is an attempt to ridicule Mr. Love—to throw mud at him, to misrepresent him and make a favorable impression for the writer—Spangler. Young Spangler is inexperienced, slow and green; unfamiliar with politics, men and the world. He supposed he was ruining his opponent by that "portrait." He has only created a prejudice against himself that will lose him many votes on Tuesday next. Mr. Love is too well known in this county to be injured in the least by such personal warfare. He was born and raised in this county and for the last seven years has practiced law successfully in this place. We say successfully because in that time he has built up a good paying practice, and by economy and integrity, has won a competence. Possessed of a natural ability and turn for the law, backed by untiring industry and unswerving integrity, of plain and simple habits, with a common every day manner about him, he was selected by the Republican party as the man who could successfully overcome the Democratic majority in the county, and thereby give the people a competent and experienced District Attorney. If experience, honesty, ability and promptness are the requisites for District Attorney, then there can be no question as to Mr. Love's election. If a young, unexperienced boy be placed in the office it will cost the county and private individuals hundreds of dollars every court, for unnecessary costs.

THE COMMISSIONER QUESTION.

There is no office within the gift of the people of Centre county so important as that of Commissioner. Who shall be elected to that office this fall is a question that should be well considered. The people must decide for themselves and in order that they may do so understandingly we desire to throw some light on the subject. Among the various duties of county commissioners, one is the revision of the assessment rolls of all taxables in the county. This present year, the triennial assessments were made, and as to the manner in which they were done we desire to call special attention. All the real estate in the county was assessed at double, and in some cases three times its former valuation. The result of this immense increase of the valuation of property, is simply to make the taxes two or three times as high as they were in former years. For instance, if a farmer's tax, last year, amounted to fifty dollars, this year, and hereafter until another board of commissioners be elected, his tax will amount to one hundred dollars—double as much or more.

Look at the injustice of this measure from another stand point. A and B each have a thousand dollars. A buys a farm with his money and B loans his at from ten to twenty per cent. Before the commissioners raised the valuation of real estate, A had to pay a certain tax on his property, and B had to pay a certain tax on his money loaned. But, after the valuation of real estate has been doubled, A has to pay *twice as much tax* as he did before, while B's tax remains unchanged. This course simply puts a premium on the business of loaning money while it doubles the taxation on real estate. The farmer is the looser and sufferer but the money lender reaps the advantage. But then, it may be said, that the commissioners are not responsible for this increase of valuation and taxation on real estate; that the assessors are the responsible parties. This is not the fact. The board of commissioners are empowered by law to act as a board of revision, and by an unwise and unjust enactment, have the power to compel assessors to increase the valuations. We can cite an instance where they even sent the Sheriff of the county and had Constans Curtin, Esq., one the assessors of Boggs twp., arrested and brought to Bellefonte in custody of the Sheriff, to answer for not increasing the valuations in his township. Mr. Curtin is one of the fairest and most upright men in the county; he saw the injustice of this unwise and unfair measure and honestly and candidly refused to burden the farmers of Boggs twp., with a tax more than double that of former years while those who were rich and had money to lend, went free. But he was compelled to do it, and so were all the other assessors in the county. If the farmers and land owners desire this business to continue, let them continue to elect Democratic commissioners.

Again, if a prominent Democratic politician of Bellefonte thinks his property is valued too high, he has simply to go to the commissioners and tell them to reduce it. He helped to elect them, they have now a chance to do him a favor and a little intimidation does the business.

Is it right then, we ask, to favor the wealthy property owners of Bellefonte and heap the burden onto the farmers of the county? If the farmers think this is what they deserve let them continue to vote for Democratic commissioners.

The law requires that all county officers shall *furnish their own fuel* and other necessaries, while for the last twenty years the taxes have been appropriated *by the commissioners* for wood and coal for all the officers and offices in the court house. This is in open violation of the law, and a little calculation will show how many thousands of dollars have been stolen in that way. It is little wonder that it became necessary to double the rate of taxation.

Since commissioner Gramly has been in office he has labored earnestly and unceasingly for reform, but there are two Democrats against him and he is powerless. If another Democrat is elected commissioner this fall, there is no more possibility of reform than before. If the farmers, the honest taxpayers of the county, don't want to buy the wood and coal and other luxuries for the court house brigade, if they don't want their taxes doubled at every assessment, if they don't want to become the servants of the rich man who lends his money at usurous rates while they help to pay the premium, they will have to turn another Democratic commissioner out and elect an honest man. Such a man is John T. Ross of Harris township. He is an honest, hard working farmer; was born and raised in the county; is as honest as the sun, and we defy any man to say aught against his character as a man and a citizen. To him may be safely entrusted the interests of the farming community. The issue is a plain one—a Democrat with increased taxation and a continuation of misrule, or an honest farmer who will work for reform, in the interests of the farmer and against the monopolies.

THE JUDICIARY.

There is no office in which the people in this district are so much interested as that of Judge. The position is a most responsible one, and one that can be used very greatly to the detriment of the people who have rights of either person or property to be adjudicated. There is probably no office that is so liable to be perverted to corrupt purposes, and that can be so powerfully used against the rights of the people. It then becomes very necessary that all voters should study well the character of the candidate who solicits their votes for that position.

A man of ability without corresponding honesty and integrity of character, is the most dangerous man to be on the bench, as he can the more adroitly use his position to the hurt of the people without danger to himself. The Republican candidate Hon. Joseph B. McEnally, is a gentleman fitted in every particular for the bench. He is a scholar, possesses fine legal qualifications, and is a man of whom *all* without exception can have, and do have the most undoubted confidence in his honesty and integrity of character. Every suitor that appears before him, will do so with full confidence in his equitable and honest judgment, and feel assured that if he errs at all, it will be of the head and not the heart. Errors of the head and judgment can be rectified, but errors of heart are very dangerous, and almost always remediless. Then all voters who want an honest Judiciary will vote for Joseph B. McEnally for Judge. With a full, strong Republican vote he will be elected. With him for Judge there will be no room for doubt, no chance for tampering with the bench, and no perversion of official position for base purposes and self revenge for personal aggrandizement. Then let all Republicans and all good citizens who favor a wholesome, and honest administration of law vote for J. B. McEnally for Judge on Tuesday next, November 3rd.

—Remember Republicans that you can not afford to vote for any other candidate for Assembly than John Boozer.

WALLACE AND MACKEY.

WHAT'S THE MATTER? Coffee Pot Wallace wants an appropriation for the Southern Pacific Rail Road.

WHAT'S THE MATTER? President Mackey wants to help him get it.

WHAT'S THE MATTER? The people must be humbugged with the cry of nigger and hard times.

WHAT'S THE MATTER? Hard times in convincing the people that they are in favor of Free Banking and opposed to Rrailroad monopolies.

WHAT'S THE MATTER? The *blood money* of the past seventeen years is oozing from every pore of their bodies, and appears at the finger ends of Wallace's bony hand as he raises it aloft and cries in a stentorian voice, *What's the Matter?*

WHAT'S THE MATTER? The strongest language I can use as to my opposition to National Banks and Railroad monopolies will not do while this "paunch" of mine is so prominent and cries out blood money.

HURRAH FOR SPANGLER.—Jack L. Spangler, the youthful, ambitious aspirant for political fame and honor, and the Democratic candidate for District Attorney, is now THE ONLY DEMOCRATIC CANDIDATE of Centre County, that is stumping the county, in the interest of the District Ring ticket, with all the ardor and zeal of political inexperience and youthful ambition. He hurrahs for L. A. Mackey for Congress, and Hon. John H. Orvis for Judge, the candidates, who did carve out a political district, congressionally and judicially, for their own use without consulting the people. The political fledgling has soared away from the counsel of older heads, and the very friends that gave him his nomination, are now the subject of his severest criticism, condemnation and abuse. The Ring has pressed him, and in obedience to its dictation he is compelled to do its bidding, and go forth and crack the party whip, in order to get nine candidates the party support, and use all his zeal and effort to defeat the Hon. C. L. Alexander, the people's candidate for Congress. In his speech at Millheim the other evening he condemned the people's movement, and urged the party to stick to the ticket, and vote for L. A. Mackey for Congress, and to vote against C. T. Alexander. We wonder if he told his fellow citizens how he aided his father to escape the clutches of the law, just before the August sessions last, when an information was made against him for a violation of the liquor law? But then Jack has a very filial affection for his father no doubt. Wonder if he told the dear people, how, if he as elected, he could run the office in the exclusive interest of himself and his father? How his paternal being a tavern keeper, could have an exclusive monopoly of the liquor business in Centre County, by selling in violation of law with impunity, as he (Jack) being prosecuting attorney would not permit his father to be prosecuted? And thus Mr. Spangler, senior, and Spangler, jr., District Attorney, with an exclusive monopoly of the liquor business in Centre County might make the office pay well.

Then Jack, for the purpose of working up a self-reputation as a temperance man, would be very active and energetic in rigidly and vigorously prosecuting every other citizen who might violate the law, in order to keep his promises made to the temperance people. Then by VINDICTIVELY PROSECUTING everybody who violates the law except his father, how much more complete and exclusive would be the monopoly he and his father would have of the business!

With a monopoly such as that the Spanglers would be rich at the expiration of Jack's term of office, and the wealth be acquired at the expense of the people, and of law and justice. Then is it at all surprising that the ambitious Spangler, candidate for District Attorney, is howling for the Ring Candidate, L. A. Mackey and against C. T. Alexander, the people's canidate for Congress? Jack has his eye on a grand monopoly as above described, that must make the Spanglers rich, and fully compensate his father for his defeat as a candidate for Sheriff two years ago.

EDWARD P. McCORMICK.

The Republican candidate for the office of State Senator, in this district, is a man well calculated to carry the full strength of the party. Mr. McCormick is a native of Clinton Co. He represents a family that has been largely identified with the interests of Clinton since its formation to the present time. Mr. McCormick has in him the essence of integrity, popularity and legal acumen. He received a collegiate education, studied law with his brother-in-law, Hon. C. A Mayer, had has practiced successfully at the bar of Centre County for the last twelve years. He is a thorough lawyer and ranks second to none in Lock-Haven. He has been a life-long adherent to Republican principles, and, although never a bitter partizan, has held firmly to his faith. He is a pleasant and forcible speaker, and his hard common sense and excellent judgment have given him a prestige and an influence seldom acquired by a man of his years. He is eminently practical, energetic and honest, and the Republicans of this district could have selected no better man to successfully compete with W. A. Wallace. There is not a single quality in his make-up that unfits him for the position to which he aspires, while his opponent is all festering with corruption and trickery. McCormick is plain, ingenuous, thorough-going; Wallace's duplicity and dishonesty are preeminent. The one is opposed to the National banking system; the other is an actual National banker. McCormick favors an increase of currency to relieve the terrible, starving need of money at the present time, while Wallace knows that a return to specie payment would be a god-send for him and the corporations he represents. Between the two there can be no hesitation as to who should receive the votes of those who feel the necessity of honest legislation and a downfall of burdensome and ruinous corporations. Clinton County promises Mr. McCormick a handsome vote and if the tax-payers of the district will vote for their own interests, he will be triumphantly elected.

IS IT CONSTITUTIONAL?

We believe that the State constitution, adopted last fall by an overwhelming majority, was voted for by almost every Democrat in Centre County. If they did, it is reasonable to surpose that every honest Democratic vote and every Republican in the County is in favor of enforcing all the provisions of that new instrument. It is also fair to estimate that every honest man of either party would scorn to support a candidate for a high and responsible office, if he know that that candidate had acted in open violation of the fundimental laws of the State. To be more specific, we quote Sections 8 and 9 of Article Eighth of the New Constitution:

SEC. 8. Any person who shall give or promise or offer to give to an elector any money, reward, or other valuable consideration for his vote at an election or for withholding the same or who shall give or promise to give such consideration to any other person or party for such elector's vote, or for the withholding thereof and any elector who shall receive or agree to receive, any for himself or for another, any money reward or other valuable consideration for his vote at an election, or for withholding the same shall thereby forfeit the right to vote at such election, and any elector whose right to vote shall be challenged for such cause before the election officers shall be required to swear or affirm that the matter of the challenge is untrue before his vote shall be received.

SEC. 9. Any person who shall, while a candidate for office, be guilty of bribery, fraud, or willful violation of election law, shall be forever disqualified from holding an office of trust or profit in this Commonwealth; and any person convicted of willful violation of the election laws, shall, in addition to any penalties by law, be deprived of the right of suffrage absolutely for a term of four years.

This brings us to a recital of facts which we desire every voter to read before deciding for whom he shall cast his congressional ballot. On last Tuesday, L. A. Mackey came to Bellefonte and spent the day in council with the Democratic office-holders at the court house, and a half dozen other Democrats, who are about all that he can depend upon to conduct the campaign for him in this county. Mackey is rich and he was required to provide a liberal amount of money to be used in a last desperate effort to carry this county for him. It is generally understood that Mr. Alexander will carry this county by a decided majority and the court house ring determined that Mackey should furnish the means to stay the tital wave of honest opposition. On Tuesday evening a large number of people from different sections of the county were seen. On Wednesday morning several Democrats came down to the depot and started for Snow Shoe on the morning train. There were three of them, and they sat together and engage in low, earnest conversation. Near them sat a lady, who unwillingly was a listener to their conversation. As she appeared to be occupied with a newspaper, and because she was a woman, the three individuals seemed to be entirely oblivious of her presence, so intent were they with the subject under consideration. The spokesman, in answer to an inquiry from the others, said he was going to Snow Shoe to "work up the things for Mackey" among the miners and lumbermen of Snow Shoe township. They asked how it came that he was so much interested in Mr. Mackey, and how he could afford to spend his time and have money enough with him to buy two hundred votes, considering the tightness of the times. Then he branched off in a glowing tribute to Mr. Mackey—how liberal, how pleasant, such a good fellow and so free with his money. One of his companions then stated that he knew he could buy up a number of votes and a long conversation ensued at the end of which the first man gave his friend a sum of money with which to buy these votes. The above is the story just as we heard it from the lady herself, and for whose veracity and disinterestedness we can vouch.

We have simply stated the facts without giving names or enlargement or embellishment. Our readers may now judge for themselves of the fitness of this man Mackey to represent this district in Congress. It is generally understood that L. A. Mackey has furnished about $2000.00 to carry this county against Alexander.

CURTIN TOWNSHIP, Oct. 19, 1874.

MR. EDITOR:—Our schools open today and from appearances we can predict a successful term of five months. It will be remembered that Curtin raised the standard of teachers salary, and employ none but those who stand at the head of their profession. It is proper here to state that we appreciate home talent and have employed John S. Lucas to again teach school number one at a salary of $45 per month. Mr. Lucas rendered entire satisfaction last term, and although he has become a deciple of Blackstone and had intended to devote his entire time to the study of law, at the earnest request of the parents and directors he consented to teach this winter. This did not meet with the approval of a certain ex-professor, supposed by psycologists to be a male although he signs his name "mother of children." I dare say Darwin would be perplexed in drawing inferences regarding his origin and nature. He today stands with as few friends as the Bender family and seems to meet the description given by St. John 8c. 44v. He has always been a false friend, one that would gain your confidence and would win your esteem, then wear the cloak of friendship as a covering for his treachery and would meet you with words of honeyed sweetness, repeat your confidence, magnify your errors, detract as much as possible from your virtues to your enemies, those who would rejoice in your down fall. Oh, false friend, a serpent coiling among flowers is a fitting type of thee.

Our township was not represented as well at the Annual Fair as was intended we have some of the best farmers in the county, and I understand they took the 1st premium on all they had on exhibition. A. S. Tipton, Esq., farmer stock raiser and lumber dealer was prevented on account of the weather to place on exhibition any of his productions. Absalom by the way prides himself and makes a specialty of raising pure Essex pigs. For particulars see advertisement. He is also a scientific farmer and has all the modern improvements, encluding a mammoth Prindle Steamer. We also have many others, a description of which I will give in a future communication. Until then farewell,

COUNT DEVAN.

THRILLING VERSES.

The circumstances which induced the writing of the following most touching lines are as follows:—A young lady of New York was in the habit of writing for the Philadelphia *Ledger* on the subject of temperance. Her writing was so full of pathos, and evinced such deep emotions of soul, that a friend of hers accused her of being a maniac on the subject of temperance, whereupon she wrote the following lines:

Go feel what I have felt,
Go bear what I have borne—
Sink 'neath the blow a father dealt
And the cold world's proud scorn:
Then suffer on from year to year—
The sole relief the scorching tear.

Go kneel as I have knelt,
Implore, beseach and pray—
Strive the besotted heart to melt,
The downward course to stay,
Be dashed with bitter curse aside,
Your prayers burlesqued, your tears defied.

Go weep as I have wept,
O'er a loved father's fall—
See every promised blessing swept—
Youth's sweetness turned to gall—
Life's fading flowers strewed all the way—
That brought me up to woman's day.

Go see what I have seen,
Behold the strong man bowed—
While gnashing teeth—lips bathed in blood—
And cold and livid brow;
To catch his withering glance: and see
There mirrored his soul's misery;

Go to my mother's side,
And her crushed bosom cheer;
Thine own deep anguish hide;
Wipe from her cheek the bitter tear;
Mark her worn frame and withered brow—
The gray that streaks her dark hair now—
With fading frame and trembling limb;
And trace the ruin back to him
Whose plighted faith, in early youth,
Promised eternal love and truth,
But who, foresworn, has yeilded up
That promise to the accursed cup;
And led her down through love and light,
And all that made her prospects bright;
And chained her there, 'mid want and strife—
That lowly thing, a drunkard's wife—
And stamped on childhood's brow so mild,
That withering blight, the drunkard's child!

Go hear, and feel, and know,
All that *my soul* hath felt and know;
Then look upon the wine cup's glow,
See if its beauty can atone—
Think of its flavor you will try!
When all proclaimed, 'tis drink and die!

Tell me I HATE the bowl—
Hate is a feeble word,
I LOATHE—ABHOR—*my very soul*
With strong disgust is stirred—
When I see, or hear, or tell,
Of the dark BEVERAGE OF HELL.

TO THE WORKINGMEN OF PENNSYLVANIA.

Letter from an Ironworker to the Chairman of the Union Republican State Central Committee.

RUSSELL ERRETT, ESQ.

DEAR SIR:

In the iron manufacture, which is the most important business of our State, there is great depression, and we can not look for good times till it revives, for all other business interests depend upon it. It employes the miners by consuming ores and creating a demand for fuel, it freights our railroads, and makes a market for farm products. The workmen in our mines and mills and furnaces are the chief consumers of domestic goods, and it is because they are unemployed and unable to buy that our woolen and cotton factories have reduced time of work, cut down wages, and stopped production. This again reacts disastrously upon the railroads, the manufacturers of chemicals and dye stuffs, and upon all other industries.

When wages in the iron trade are high and work plentiful, every other business is prosperous, and this is true not only of our own State but also of the whole country. The financial panic of September, 1873, crippled or stopped the railroad and other enterprises which consume iron, and the result was a general paralysis of business. We should have recovered from it before this if there was no foreign interference with our industries, if the home market was reserved, as it should be, for the labor of our own people.

Our chief trouble is that in England there has been such a great reduction in the wages of miners and of workmen in iron and other industries, and such an immense decline in the prices of English goods, that, during the past year we have had a constantly falling market, which has forced successive reductions of prices and wages here, and has made buyers hold off and wait until the bottom would be reached. I think that this point has been reached, and that demand will spring up, and our labor will be employed again with a gradual increase of wages if we can retain the duties upon foreign goods enacted by a Republican Congress for the protection of home industry. It is enough to take merely one or two items from our tariff laws, to show how important they are to us at this time, and what a calamity their repeal would be to the country.

Articles.	Prices here.	Prices in England.	Duty per ton.
Pig Iron.	$26 to $30.	$21 to $27	$6.30.
Iron Rails.	$55.	$37.50.	$12.60 net.
Bar Iron.	$60 to $67.	$62.50.	$20¼ to 30¼
Steel Rails.	$85.	$48 to $50.	$25.20.

You can easily see that bad as our situation is it might be made worse. Repeal the duties and it would be hopeless. They are a strong dyke, a wall, which the Republican party has built up around the industries of the country to keep out the overwhelming flood of cheap foreign goods. While it stands we cannot be destroyed.

The Democratic party has determined to break down this wall and we are asked to help them by voting to put them in power. In their State conventions of this year, as in past years, they have denounced protection and demanded a tariff for revenue only or declared in favor of Free Trade. In Pennsylvania alone they are silent. They know that our mines have stopped, that our rolling mills have suspended, that furnaces are out of blast, that factories are idle, and that thousands of unemployed workingmen look forward to the coming winter with the fear of suffering for themselves and their families, and they know, too that their party from Maine to Missouri have united to destroy the tariff which is our sole protection against utter ruin—yet they make no protest, they have no word to say in our defense—their platform is ominously silent on this most important subject. They intend to vote on national questions with the Maine Democrats who say in their resolutions,

"A protective tariff is a most unjust, unequal, oppressive and wasteful mode of raising the public revenues. It is one of the most pregnant and fruitful sources of the corruptions of administration. We, therefore, the Democracy of Maine, in convention assembled, *declare for Free Trade*, and in favor of an unfettered and unrestricted commerce."

They indorse the platform of the Missouri Democracy which declares that,

"We denounce the present tariff as having been concocted alone in the interests of Eastern manufacturers, and in lieu of it we demand a tariff for revenue only that will be just to all sections of the country."

They sustain and will labor with the Democracy of Illinois who delare in favor of

"Free commerce, and no tariff except for revenue purposes."

They are in accord with the Ohio Democrats who say in their platform,

"We are opposed to the unjust and oppressive features of the existing tariff laws, and insist on their repeal or modification, so that a revenue tariff shall be substituted for them."

A sentiment indorsed by the Pittsburgh *Post*, the leading Democratic newspaper of our State, which says, "the Ohio platform thoroughly embraces the Democratic idea."

The Democratic party of the nation threatens to strike the workingman a fatal blow, and he will look in vain for any aid to the cowardly and treacherous Democratic party of Pennsylvania. His only hope for the future lies in the maintenance of that liberal policy of protection to home industry which was enacted, and is sustained, by the party which saved and now governs the country.

The Republican party speaks with no doubtful voice to the workingmen of the Keystone State. It favors "just protection and reward to every brauch of industry, and of giving permanence to those measures which recognize agricultural, mining, manufacturing, and mechanical pursuits, *as entitled to the amplest protection and fullest development.*" It declares that "The Paralysis of business, which has fallen upon the manufacturing industry of the country within the past year, is a fresh evidence of the necessity of *that protection to our manufacturing interests* for which the Republicans of Pennsylvania have always fought."

I would say to the workingmen of Pennsylvania, the choice is placed before you of sustaining and voting for your friends of your foes. If you want to keep business unsettled and disturbed, and knock down prices and wages still lower, vote the Democratic ticket.

If you want to still further depress and ruin home industry, vote the Democratic ticket.

If you want to close our own workshops and enrich foreign manufacturers, vote the Democratic ticket.

If you love Great Britain more than you do your own land and its people, vote the Democratic ticket.

We have to pay the interest on the national debt and the expenses of the national Government, amounting to an immense sum of money annually, which must be raised in good part, as at present, by duties, or wholly by direct taxation. If, like the Maine Democrats, you object to having this money collected at the New York custom-house from duties on German broadcloth, English iron and steel, and French silks, and would prefer to have a United States tax levied on your house and lot or other property—vote the Democratic ticket.

I have used the duties on iron and steel to illustrate the worth of the tariff to us, and it is not less valuable as a defense to our other industries. Without the "ad valorem" duty of sixty per cent. on silks, of thirty to forty-five per cent. on clothing, and the protective specific and "ad volorem duties on all cotton and woolen goods, our American workingmen in these industries might sit down in idleness, and the future would be without hope. This is what the Democratic party, in its love for Free Trade, is striving to accomplish. The struggle does not concern Pennsylvania alone; it is of moment to the whole country. In defending our own interests, we are discharging a patriotic duty, for the full and profitable employment of its own labor and the ample protection and development of its own industries can alone make our nation prosperous and its citizens a united and happy people.

Very Respectfully,
JOSHUA HUNT.

Catasauqua, Lehigh county, Pa.,

The Promised Reform.

Since Democracy lost the control of the Government it has been clamoring for reform. The most satisfactory Administration the nation ever had fails to satisfy it. Everything in the shape of government affairs needs reformation, and every time Democracy is the only party pure enough to bring it about. The thief, when pursued by the officers of the law, will oftentimes direct public attention from his own efforts to escape by crying at the top of his voice, "stop thief! stop thief!" So, Democracy, driven from this fields of plunder and closely pursued by the moral sentiment of the country, endeavors to divert the righteous punishment which is being inflicted upon it to an innocent party by crying out "reform! reform! we must have reform!"

It has deceived a few people and been successful in some sections. Texas fell a victim to its seductive clamor, and today its paying dearly for Democratic reform. Its excellent school system has been reformed out of existence, and its children, both white and black, will grow up in ignorance unless true reformation is brought about in Democratic policy, or by the return to power of the Republican party. Its Supreme Court, composed of good men with loyal sentiments, has been so reformed that none of its loyal material is left, and in its place we find the old State judges under Confederate rule. The same reform has been practiced in every office under State control, so that at the present time a loyal man, in the true sense of the term, is about as hard to find holding a local office in Texas as a ray of sunshine in the midst of night. Instead of offices being reduced in numbers they have been multiplied, and the reform that was to save money to the State will cost it at least a third more than the administration which is supplanted. The elective franchise has been so purified by the Texas party of reform that but few Republicans in the rural districts dare appear at the polls, and reform prescription has been so thoroughly practiced that in a few years a Republican voter in Texas will be as rare a curiosity as an abolitionist was in South Carolina before the war. A like reform has taken possession of Georgia, North Carolina, Virginia, and other Southern States. Bad as some of the carpet-bag government were thought to be the substitution in their place of Democratic reform has made matters worse and we are not surprised that the better class of Democrats who were led to believe in the promised reforms have already revolted against them and to-day are crying for deliverance from their friends. The broken promises of Democracy in Virginia are well set forth in the Parkersburg 'State Journal,' an ably conducted paper in the State. The article is entitled "Democratic Promises Violated," and is so truthful a picture of like violations in every State where Democracy has gained power that we reproduce it here: "We were promised," says the "Journal"—

That the convention and legislation growing out of it would cost but $30,000—they have already cost over $180,000.

That the sessions of the Legislature should be biennial—they have been so far semi-annual.

That there should be greater economy in the administration of State affairs—the cost in every department of the public State service has largely increased.

That a Legislature should be chosen that would guard the State Treasury—the most notable act of that body was to appropriate $10,000 of the people's money for a "Christmas spree."

That party would punish every dishonest public officer—it has shielded a peculator, convicted by a committee of his own selection, of overcharges to the amount of thousands of dollars.

That it would give us a constitution shorter, better, and plainer than the old one—it has given us one that is twice as long as the old one, and so complicated that neither the public nor the makers of the instrument can understand it.

That it would diminish the number of officers—it has largely increased them.

That it would diminish the number of judges—it has multiplied the number.

That it would diminish the number of members for the Legislature—it has increased them.

That it would give us a cheaper county organization—it has given us a more expensive one.

That it would lower the salaries of public officers—it has in every case increased them.

It promised the people local government—it destroyed nearly all we ever had, and gave the resurrected county court system in its stead.

It destroyed the trial by juries before justices, in order to concentrate business and power in the hands of court-house cliques.

It promised a reduction in taxes—taxation is not diminished, but rather increased.

It promised a homestead law for the protection of the poor man—it made one to rob the poor man.

This is the party that seeks to reform the nation; that asks the people to give it a majority in the House of Representatives; that demands possession of the Government in 1876. What the history of the Republic will be under Democratic reformation can be written in a sentence: Repudiation, bankruptcy, anarchy, national disgrace. To all who seek to bring about such a reform the Democratic party commends itself. To all who desire to avoid it, who wish to maintain the credit of the nation, secure peace and prosperity within its borders, promote general intelligence by a wise system of free schools, and who earnestly hope to see the Republic take rank as the leader among the civilized and favored nations of the earth, we commend the Republican party. It has been tried and not found wanting. It has violated no promises, given no pledges which it has failed to keep. Its record is as clear as the noonday light, and the few faults which it has developed throughout its long and honorable career are but as the spots which the telescope reveals on the surface of the sun, of sufficient importance to merit inspection, but not enough to destroy the usefulness of the orb itself.

Gen. Robert B. Beath.

The Pittsburg *Gazette* has this to say of Gen. Beath and his administration, which we can fully endorse. As the *Gazette* speaks from a standpoint of personal knowledge and details but the facts, it would be well for those who would keep our State affairs in *good hands* to vote for Col. Beath.

SECRETARY INTERNAL AFFAIRS.

General Robert B. Beath's administration of the office of Surveyor General has been so able and acceptable as to even challenge the respect of the Democracy, and it would seem almost superfluous for us to refer to it; but his increasing efforts to protect the legal land owners of the State from annoyance and litigation heretofore often forced upon them by a class of adventurers who under the laws as they existed prior to the act passed at the last session of the Legislature, could with but a slight stretch of conscience bring themselves within the easy requirement of the statutes, and make application for warrants to take up land which in equity, to say the least of it, belonged to those who had made it valuable by their labor or had paid a full price for it, being ignorant of any flaws there might be as to the title being fully and clearly out of the Commonwealth, seems to merit some publicity at our hands for the information of the intelligent voters who in a few days must chose between this tried public servant and gallant soldier and his Democratic opponent, who is without experience in our complicated land system, and whose war record was marred by an unpatriotic letter in 1864, which remains unexplained and which will stick to him like the "Shirt of Nessus."

In this locality Gen. Beath's action to protect the land owners is not unknown, for many of our readers will remember the strong and persistent attempt to obtain titles to nearly 50 acres of land along the Allegheny river front of the city, on which there are improvements to the value of several millions, but which were claimed by the applicants not to be of the kind to give a preemption right under the then existing laws. In these cases Gen. Beath, notwithstanding the heavy presure to allow the warrants to issue and go to the Courts for adjudication, which would at least for the time being have cast a shadow on all the titles of our valuable Allegheny front, after a very full and careful investigation absolutely and unconditionally refused to grant the warrants—taking upon himself all the responsibility of his course.

The act of 14th April, 1873, which was passed upon the urgent recommendation of General Beath, and after his strenuous and successful efforts to prevent its emasculation in the lower house, forever prevents any further attempts of this kind from being made in this city or any other city of the Commonwealth, and prevents anybody other than the *improver* or his assigns from obtaining a title to any of the vacant improved lands of the State.

The Land Department will be merged into that of Internal Affairs, and our citizens who really owe a debt of gratitude to Colonel Beath, will be glad to remember the services he did them by using their influence to swell his majority at the ensuing election. He is worthy all the effort that can be put forth in his behalf.

THE success of the Ohio Bourbons seems to afford the papers of that party as much comfort as, upon his way to the scaffold during a shower, his umbrella yielded to the fellow who was about to be hanged. It saved him from a wetting, but didn't avert his execution. The November States will speak, presently, and to the point.

A DEMAND for payment of the monetary value of the slaves emancipated by the war and the proclamation of President Lincoln is, already, beginning to be urged in the South. Should the next administration be Democratic, a formal claim for such payment will undoubtedly be preferred, with every probability of being granted.

HYMENEAL.

A Grand Wedding in Chicago.—Col. Fred Grant and Miss Ida Maria Honore.

CHICAGO, October 20.—At three o'clock this afternoon Lieut. Col. Frederick Grant and Ida Maria Honore were joined in matrimony at the residence of the bride's father, H. H. Honore, on Vincennes avenue. Among the guests present were Mr. and Mrs. Grant, Ex-Secretary Borie and wife, General Babcock, Secretary Belknap and wife, Gen. Sheridan, Gov. Beveridge and wife, Senator Logan, Vice President Wilson, General Ord, and General Custar and wife. The bridal party started at 9 o'clock this evening for St. Louis. President Grant and party will leave the city to-morrow by the Michigan Southern road, via Cleveland and Pittsburgh for Washington.

PREPARING FOR THE CEREMONY.

At three o'clock the bridal party entered the parlor, where the ceremony was to take place, in the following order: U. S. Grant, Jr., and Miss M. T. Hall, Mr. A. C. Monroe and Miss L. Houston, Lieut. C. W. Laued and Miss Irene Rucker, G. A. Forsythe and Miss Mary C. Dunlevy. The bridesmaids wore tulle dresses, with veils, and carried in their hands boquets in satin holders. After them came the bride, leaning on the arm of her father. She wore a white satin dress cut en train, with tulle. The bridal veil, which reached to the floor, was of white satin tulle, and the dress, which was of exceedingly rich material, was rather plainly made. Her hair was dressed in a simple coil and chaitelaine braids behind. The groom was dressed in the full uniform of a Colonel in the United States army. The party walked slowly down the parlor until the west end of the room was reached. At this point there is an alcove in the room, and in this the bridal party stood. The windows of the room were draped with lace curtains, trimmed with blue and decorated with smilax, excepting the one on the right of the bridal party, which was covered by a buff-colored curtain, through which a subdued light came, which brought out in strong relief the white costumes of the bridesmaids in contrast with the maroon colored walls of the alcove.

As the party reached the alcove they fronted toward the guests, while the attendant bridesmaids and groomsmen stood on either side.

THE CEREMONY.

Rev. Isaac Erett, pastor of the Christian Church, of which the bride's family are members, then repeated the marriage ceremony of that Church, which is exceedingly brief and simple.

The guests and bridal party then proceeded to the dining room, which is a spacious apartment, and was elaborately decorated. An elegant collation provided by a noted caterer in the city was partaken of. The floral decorations were arranged with excellent taste, and were as follows: The centre piece was of natural flowers, and four feet in height, placed on a silver flower centre piece with gilded arms and pendant chains, and was in the shape of a half globe. It stood exactly in the centre of the table, and was composed of camelias, tuberoses, white carnations, white and red beannardias, smilax, and several varities of flowers. On one side of the table stood a large tart cake, surmounted by a shield and two flags, inscribed with the date of the marriage and with the monograms of the wedded pair.

After the wedding there was a reception, which lasted from four till six o'clock.

EXPLAIN, SIMON, EXPLAIN!

The farmers and tax payers of the county want to know why it was that the commissioners, during the time you were treasurer, were compelled to borrow money at a high rate of interest, while you, at the same time, had large deposits of the people's money in the hands of your bankers on which you were drawing and pocketing the interest.

A man who would deceive the soldiers to obtain their votes and fleece the tax payers who have honored him with their suffrage is not the man to be a second time trusted! Will the people elect Simon Wolf again to office?

THE "Journal" a wide awake paper published at McVeytown, Mifflin County says, "it knows whereof it speaks when it says that Cyrus T. Alexander will have a majority in that county of over 500." The "Journal" is a neutral paper.

THE Lewistown "Gazette" announces Cyrus T. Alexander as a candidate for Congress. The papers are all swinging into line. Alexander is the coming man.

—Have you made arrangements to get out every Republican vote in your ward or township? Have you seen your tardy neighbor and urged upon him the necessity of voting? Have you talked to you dissatisfied Democratic neighbor and urged upon him the importance of a change? If you have not attended to these duties, for such they are, do so at once.

Democratic Candidates.

Week before last we had something to say in regard to two of the Democratic candidates, but were unable to speak of the others for want of room. We hope they will forgive us for this unintentional neglect. We commence this week in season. For District Attorney they have selected Jack Spangler, a beardless youth of twenty-two or three summers, whose assurance is only equaled by his inexperience and egotism. It is generally understood that this selection was made for the purpose of catering to the prejudices of a certain class of Democrats whose calling frequently give them business in the Quarter sessions. Now if the people of Centre county desire a District Attorney made of such stuff, and who has had no experience, who never had a case in court, who knows just enough of law to secure his admission to the bar and no more, why Jack Spangler is their man. Is knowledge of the business worth nothing to a District Attorney? Is what has been said of the Democracy true, viz: that they always take the poorest lawyer at the bar and make him District Attorney, and as soon as he gains some knowledge of the business turn him out to put in another "leather head?" They do not seem to want a man for this office who will do his duty without fear or favor, and perhaps this is why the usages, of the party were ignored to defeat John F. Potter, Esq., which we had predicted in these columns would be done months before the nominations were made.

J. N. Hall, a quiet, inoffensive sort of a farmer, has been chosen for their candidate for commissioner, not because of any particular qualification, but because, as it is conceded, he can be used to further the interest of the rats who hang about the Court House. After Mr. Gramley was elected last fall Mr. Samuel Foster joined with him in instituting a reform which worried the Democratic ring here in Bellefonte, who did not like the idea of even a partial reform through the aid of a Republican commissioner, and the "Watchman" showed its discomfort in an article entitled "danger ahead." As some evidence that a reform has taken place we refer to the brevity of the Sheriff's proclamation, which in itself is a saving to the county of over one thousand dollars. The people will never know of the rascality and corruption that has been carried on in the commissioner's office until there has been a change. As long as the present ring control the majority of the board of commissioners, the corrupt doings of the past fourteen years well be kept in the dark. The commissioner to be elected this year has one year to serve. The Republicans have one now. If the people will elect a Republican this year that will give control of the board to the Republicans for one year, this Bellefonte ring will be broken and the people will have an opportunity to find out how their money has been squandered. Setting aside all party considerations, the people could not do a wiser thing than to allow the management of this office to pass out of the hands of the present ring masters, if only for one year, that they might have a chance to know what unfaithful public servants they have had. In the matter of printing, see the expense that has been put upon the county in the last fourteen years in the one item of the election proclamation. Had the same course been pursued that has been adopted this year the saving of the people's money would have amonted to fourteen thousand dollars. This is only one little item, how it is or has been with the other printing, and the hundred and one little expenses about the office perhaps will never be known until there is a change.

If the people want to know what has been going on for the last fourteen years give us one more commissioner and we will tell you. If it is law now to publish this brief notice of the election why was it not law then? Is more proof wanted that proclamations were published unnecessarily at a needless expense to the tax payers of fourteen thousand dollars for the purpose of subserving the ring rule at the court house and keep in existance news papers which otherwise would not receive patronage enough to live? Is it not fair to suppose that if one Republican on the board can bring about this partial reform an entire change might complete the job, and make a thorough renovation to the great benefit of the tax payers? As Coffee Pot Wallace says "something is the matter, we are touching the nerve which runs from the pocket to the brain." Will the people longer submit to be imposed upon? Tax payers, to you we appeal, to you we look for a proper decision.

THE White League at New Orleans was terribly enraged that President Grant should have been invited to visit New Orleans. All sorts of threats were indulged, and the *Bulletin* of that city flamed with wrath. This is the way they have of showing how completely they accept the laws of the country.

Remember, taxpayers, S. S. Wolf kept your money when he was treasurer and forced the commissioners to borrow money at high rates of interest.

THE CHILDREN'S CHURCH.

The bells of the church are ringing—
Papa and mamma have gone—
And three little children sat singing
Together this still Sunday morn.

While the bells toll up in the steeple,
Though too small to sit still in a pew,
These busy religious small people
Determined to have their church too.

So as free as the birds or the breezes
By which their fair ringlets are fanned;
Each rogue sings away as he pleases,
With book upside down in his hand.

Their hymn has no sense to its letter,
Their music no rythm or tune;
Our worship, perhaps, may be better—
But their's reaches God quite as soon.

Their angels stand close to the father;
His heaven is made bright by these flowers;
And as dear God above us would rather
Hear praise from their lips than from ours.

Sing on, little children—your voices
Fill the air with contentment and love;
All nature around you rejoices,
And the birds warble sweetly above.

Sing on—for the proudest orations,
The liturgies sacred and long,
The anthems and worship of nations,
Are poor to your innocent song.

Sing on—our devotion is colder,
Though wisely our prayers may be planned,
For often we, too, who are older,
Hold our book the wrong way in our hand.

Sing on—our harmonic inventions
We study with labor and pain;
Yet often our angry contentions
Take the harmony out of our strain.

Sing on—all our struggles and battle,
Our cry, when most deep and sincere—
What are they? A child's simple prattle,
A breath in the infinite Ear.

THE OLD, OLD HOME.

When I long for the sainted memories,
Like angel troops they come,
If I fold my arms to ponder
On the old, old home.
The heart has many passages
Through which the feelings roam,
But its middle aisle is sacred
To the thoughts of old, old home.

Where infancy was sheltered
Like rose-buds from the blast,
Where girlhood's brief elsyium
In joyousness was passed;
To that sweet spot forever,
As to some hallowed dome,
Life's pilgrim bends her vision—
'Tis her old, old home.

A father sat, how proudly,
By that old hearthstone's rays,
And told his children stories
Of his early manhood's days;
And one soft eye was beaming,
From child to child 'twould roam;
Thus a mother counts her treasures
In the old, old home.

The birthday gifts and festivals,
The blended vasper hymn
(Some dear one who was swelling it
Is with the Seraphim),
The fond "good nights" at bed-time,
How quiet sleep would come,
And hold us all together

Like a breath of scented flowers
Close intertwined each heart;
But time and change in concert
Have blown the wreath apart,
But dear and sainted memories
Like angels ever come,
If I fold my arms and ponder
On the old, old home.

A Word to the Wise.

A short time is left for active work. Is it being improved by our friends throughout the country? Success or failure pepends on the answer. Organization and work will secure a brilliant victory. To neglect either is to invite defeat. We have an unscrupulous enemy to deal with.

All that money can do is being done to defeat Alexander, the PEOPLE'S CANDIDATE. Every vote brought out in this way to defeat Alexander will also be a vote against the Republican candidates. It behooves the Republicans therefore to perfect their organization. There are but a few days left. They should be improved by making sure that every vote is secured for the day of election. Mass meetings, stump speeches, processions, noisy political demonstrations are well enough in their place, but they are of less importance than a faithful personal canvass. Now is the time to complete this canvass. Entrust the work to reliable men, men who have the confidence of their neighbors, so that what they say or do may be relied upon. Special efforts should be put forth to see every doubtful voter and impress upon him the importance of the coming election. There are thousands of good men throughout the country who think that their absence from the polls will not be felt. Each one says to himself, "my vote will not be missed," and thus in the aggregate enough votes are lost to turn the tide of victory in many closely contested twp. These men should be seen and urged to be at the pols, so that when the ballot is cast not one vote of this character shall be lost.

The effort of Alexander's friends to get out the vote will help the whole Republican ticket. We should second this effort by earnest work on our part. Our opponants or fearfully arcused. Anything to defeat Alexander and the Republican party will be their motto. To meet these combinations require vigilance, activity, and organization on our part. Let every man be at his post of duty on the day of election. A full vote for the Republican and People's ticket secures its triumph, and this means, in plain English, the triumph of the people over the monopolies.

WE copy the following from the Lewistown *Gazette*. Our readers will no doubt see in this great maneuvre of the great monopolist, an attempt (in view of the fact that the Republicans have no regular candidate for Congres) to bride a Republican editor to support him. We do not wonder that he should desire the support of the *Gazette*, for it is a first class paper and has great influence; but how is it about the honesty of the trans action? This man is bringing one of the most corrupting influences to bear in this contest, viz: the power of money. This is the only way they have any hope of defeating the people's candidate.

"NOW, HERE'S A GO!"

On Mondey we received a letter, the envelope of which was addressed "Geo. Frisinger, Esq., Lewistown *Sentinel*, Lewistown, Pa," and the note inside, (containing nothing of a private nature,) read as follows:

LOCK HAVEN NATIONAL BANK,
LOCK HAVEN, PA., Oct. 10, 1874.

GEO. FRYSINGER, Esq.

Dear Sir:—I write to thank you for the very kind manner in which you have seen proper to refer to me as a Candidate for Congress in this District. I want you to do some printing for me, and enclose some printed matter as a basis upon which to build an editorial in behalf of a Candidate. I will try to see you before the election. Send me your paper.

Very truly yours,
L. A. MACKEY.

I enclose 20 dollars which please credit to me on account of printing.

Now, it's true we gave Mr. Mackey several flattering notices, and could build a very handsome editorial on the extracts enclosed, were it not for two hungry editors down street who have put us into a quandary. In the first place the letter is clearly and unequivocally addressed to George Frisinger, *Esq.*, (Justices of the Peace will please take notice,) both outside and inside, and that is prima facia evidence that the $20 belongs to us. But then the Lewistown "Sentinel!" Whew! We are the Lewistown *Gazette*. But here might come *Henry* Frysinger of the *Democrat* and say "that's mine; Mr. Mackey made a slight mistake in my first name and another in designating the paper—so hand over that $20.' 'No you don't says H. J. Walters; 'look at the direction—Lewistown 'Sentinel'—that's me, myself, and as plain as a democratic wood pile used to be on the Portage Railroad; it's mine, by hokey!'

Now, what *are* we to do with these two X's? If they do not belong to us to be credited on 'account of printing,' who *does* own them?

We are in a quandary, and no mistake, and if somthing isn't soon done we will make a democratic feast, hand them to Mr. Andrew Reed to pay his expenses at the conferee meeting, or give them to Judge Bucher to be distributed by an auditor, in which case there would not be much left for anybody else and in the meantime send our paper as requested, and await clear water in Juniata.

ORGANIZE! ORGANIZE!!

We implore you, friends, to organize for victory. We can, this year carry Centre county, if you will only *determine* to do so, and work earnestly and energetically to accomplish the desired end.

Your earnest attention is directed to the following Act of Assembly, regulating the mode of voting at all elections in the several counties of this Commonwealth:

SEC. 1. Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in general Assembly met, and it is hereby enacted by the authority of the same, That the qualified voters of the several counties of this Commonwealth, at all the general, township, borough and special elections, are hereby hereafter required to vote by tickets, written or printed, or partly printed and partly written, severally classified, as follows: One ticket shall embrace the names of all Judges of Courts voted for, and to be labelled outside, "Judiciary;" one ticket shall embrace the names of all State officers voted for, labelled "State;" one ticket shall embrace the names of all County officers voted for, including office of Senator, member and members of Assembly, if voted for and be labelled "County;" one ticket shall embrace the names of all Township officers voted for, and be labelled "Township;" one ticket shall embrace the names of all Borough officers voted for, and be labelled "Borough;" and each class shall be deposited in separate ballot-boxes.

DISTRICT ATTORNEYSHIP.—That the office of District Attorney is one of great importance to the people cannot be denied. That it should be filled by a competent incumbent, irrespective of political persuasion, it not being necessarily a political office, is equally a matter of as great importance. Two candidates are before the people, one of whom must be chosen to fill the office for the term of three years from January, 1st 1875. The voters of Centre County will do well to familiarize themselves with the fitness and qualifications of the respective candidates now asking their suffrage. The Democrats offer as their candidate Jack L. Spangler. Spangler is a mere boy both in age and experience. He was admitted to practice in the several courts of Centre County nine months ago. He has never tried a case in court and has probably had not more than half a dozen cases before a justice of the peace. It is certain that he never earned $50.00 in the practice of law in his life. He is a mere fledgling, a youth of moderate abilities and no experience. He is wholly and totally unfit to be intrusted with the duties of a prosecuting attorney. When he entered the canvass for the nomination, he was fully conscious of his own unfitness and ineligibility, and got a letter of recommendation from several Democratic lawyers who propose to use him as their *tool* in case of his election. This was the only claim he had to the nomination; other than that his father, John Spangler, had been defeated for Sheriff two years ago, and for fear that the Spangler wing of the Pennsvalley Democracy might bolt the ticket the leaders decided to cut off John F. Potter, Esq., the present incumbent, with a single term and put a tool into the office that they could use. This is the reason why Spangler was nominated. His unfitness is acknowledged by all who know him. Now as to his eligibility. SPANGLER IS INELIGIBLE TO THE OFFICE. The law explicitly says that no man is eligible in the office who has not been a practicing attorney for one year. Spangler was admitted to practice nine months ago and, if he be elected, he cannot serve as District Attorney, according to law. If you elect him you violate the laws of the commonwealth in so doing, and Spangler, in asking you to vote for him, asks you to violate the law. The summary is plain; the Democratic candidate is a mere boy; he is totally inexperienced, and, if elected, the duties of the office would set embarrassingly and heavily upon him and would impose the necessity upon public prosecutors of hiring more experienced counsel in order to have the laws of the commonwealth vindicated; HE IS INELIGIBLE and, according to law, cannot hold the office, if elected. Should Spangler receive a majority of the votes polled on Tuesday next the result will be that he cannot hold the office to which he is elected. We ask you, voters, of Centre County, to ask the opinion of any disinterested lawyer in the county and satisfy yourselves.

GENERAL BEATH not only did his full duty as a gallant soldier during the whole of the late war, in which he lost a leg, but since his return to civil life he has been especially active in endeavors to promote the welfare of his former comrades and the orphans which many of them left. He has been particularly active in having pensions increased, and in having the charges of immoral conduct which were laid at the door of the principal of one of the soldiers' orphan schools investigated. The school and the revenues it afforded were taken from the unfaithful man, and now Beath is fortunate in having his opposition. As a contrast to this fair record Colonel McCandless, after his unpatriotic letter in 1864, is not known to have interested himself for the good of his former comrades in any way. In addition to the advantage Beath has over his competitor as a soldier, he has had experience as to many of the duties which will devolve upon the Secretary of Internal Affairs, whilst McCandless has had none.—*Gazette & Bulletin.*

FINANCE AND TRADE.

GOLD 1.10¼

We have little to report this week in regard to general trade. Rates of interest and discount are about as in our last report. It has been the rule for years previous, on the eve of elections, to enjoy dull times, but this year we can hardly attribute the general dullness to that cause alone. The price of wheat is still dropping, while other cereals are held firm at fair prices. In Chicago No. 1 spring wheat at 80 and 90 cts. per bushel. Rye steady 82@82½. Corn dull, white 80@85, yellow 80@85 and new shelled at 57½@58½ on tracts. Oats 47 cents; the difference between the prices of these grains in the Eastern cities as compared with these prices is about 12 cents on the bushel more than other grains in proportion. After November 1st the rates of freight will take effect, which of course will have its bearing in the least. One feature in the Chicago market worthy of note, is the price of new corn, which is only 2@3 cents per bushel lower than it is in Centre county.

Grain and Flour Markets.

BELLEFONTE, Oct. 28st, 1874.

The mills are in full supply of wheat in our town and we note a decline of 5 cents on white. The supply of the courser cereals is still limited, and the supply of old corn and oats are being brought from the West at our quotations. Chop feed is netting at about $2.10 per 100 lbs which allows the millers a very small margin. New corn is being liberally offered at our quotations.

White Wheat per bushel	$1 15
Red wheat	1 15
Rye per bushel	95
Corn old	90
Corn, cars, new	60
Oats,	60
Clover seed, prime	5,00
Flour, retail per barrel	$7.00
Flour, wholesale	$6.00

HAY AND STRAW.—The price is the same. One new feature in the hay market is that the farmers of Snow Shoe are beginning to offer hay in our market, John Uzzell being the pioneer. The hay is a first-class article, which denotes that John is a good farmer. Commissioner Hinton has a good crop for sale.

Hay choice per ton	$25 00

BUSINESS NOTICES.

The second best, and the most striking building in Louisville, Ky., is that occupied by the Public Libary. It was paid for by three Gift Concerts, managed by a board headed by ex-Governor Thomas E. Bramlette. The Board is authorized by the Legislature of the State to give five of these Concerts. The fifth takes place in November next, and the profits, after distributing $2,500,000 to the ticket holders, are to be used in perfecting the Library, and furnishing the blind of the State with books in raised letters. This is rather a large thing for Kentucky. Governor Bramlette has given three years to this Library, and he is making it the best in the country. Books are bought for this Library in orders of $20,000 at a time, and an enormous amount of money has been paid for paintings, statuary, and other works of art. The next drawing in aid of the Library, in which the capital prize is $250,000, takes place, as we stated, in November next, positively.

CONSUMPTION CAN BE CURED
SCHENCK'S PULMONIC SYRUP,
SCHENCK'S SEA WEED TONIC,
SCHENCK'S MANDRAKE PILLS,
Are the only medicines that will cure Pulmonary Consumption

Frequently medicines that will stop a cough will occasion the death of the patient; they lock up the liver, stop the circulation of the blood, hemorrhage follows, and in fact, they clog the action of the very organs that cause the cough.

Liver Complaint and Dyspepsie are the causes of two-thirds of the cases of Consumption. Many persons complain of a dull pain in the side, constipation, coated tongue, pain in the shoulder-blade, feelings of drowsiness and restlessness, the food lying heavily upon the stomach, accompanied with acidity and belching up of wind.

These symptoms usually originate from a disordered condition of the stomach or a torpid liver.

Persons so affected, if they take one or two heavy colds, and if the cough in these cases be suddenly checked, will find the stomach and liver clogged, remaining torpid and inactive, and almost before they are aware the lungs are a mass of sores, and ulcerated, the result of which is death.

Schenck's Pulmonic Syrup is an expectorant which does not contain opium or anything calculated to check the cough suddenly.

Schenck's Sea Weed Tonic dissolves the food, mixes with the gastric juices of the stomach, aids digestion and creates a ravenous appetite.

When the bowels are costive, skin sallow, or the symptoms otherwise of a bilious tendency, Schenck's Mandrake Pills are required.

These medicines are prepared only by
J. H. SCHENCK & SON,
N. E. corner Sixth and Arch Sts., Phila.
And are for sale by all druggists and dealers.

A MAN IN RUINS.—One of the saddest spectacles in the world is a human being shattered and broken down by the use of ardent spirits. But the damage may be repaired, the ruin restored to perfect soundness, by a course of that most powerful of all invigorants, DR. WALKER'S VINEGAR BITTERS. Beware of those "tonics" of which rum is an element. They aggravate disease and promote decay. 42-4w

The most astonishing cure of chronic diarrhœa we ever heard of is that of Wm. Clark, Frankfort Mills, Waldo Co., Maine; the facts are attested by Ezra Treet and M. A. Merrill, either of whom might be addressed for particulars. Mr. Clark was cured by Johnson's Anodyne Liniment.

Hon. Joseph Farewell, Mayor of Rockland, Me Isaac M. Bragg, Esq., Bangor, and Messrs. Pope Bros, Machias, Me., lumber merchants, fully endorse the Sheridan Cavalry Condition Powders, and have given the proprietors liberty use their names in recommending them.

A REPRESENTATIVE AND CHAMPION OF
AMERICAN ART TASTE!

Prospectus for 1875—Eighth Year.

THE ALDINE,
THE ART JOURNAL OF AMERICA,

Issued Monthly.

"A Magnificent Conception, wonderfully carried out."

The necessity of a popular medium for the representation of the productions of our great artists, has always been recognized, and many attempts have been made to meet the want. The successive failures which so invariably followed each attempt in this country to establish an art journal, did not prove that indifference of the people of America to the claims of high art. So soon as a proper appreciation of the want and an ability to meet it were shown, the public at once rallied with enthusiasm to its support, and the result was a great artistic and commercial triumph—THE ALDINE.

THE ALDINE, while issued with the regularity, has none of the temporary or *timely* interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light, and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of the THE ALDINE will be most appreciated after it is bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—absolutely with out conception in price or character. The possessor of a complete volume can not duplicate the quantity of fine paper and engravings in any other shape or number of volumes *for ten times its cost; and then, there is the chromo, besides!*

The national feature of THE ALDINE must be taken in no narrow sense. True art is cosmopolitan. While THE ALDINE is a strictly American institution, it does not confine itself entirely to the reproduction of native art. Its mission is to cultivate a broad and appreciative art taste, one that will discriminate only on grounds of intrinsic merit. Thus, while placing before the patrons of THE ALDINE, as a leading characteristic, the productions of the most noted American artists, attention will always be given to specimens from foreign masters, giving subscribers all the pleasure and instruction obtainable from home or foreign sources.

The artistic illustration of American scenery, original with THE ALDINE, is an important feature, and its magnificent plates are of a size more appropriate to the satisfactory treatment of details than can be afforded by any inferior page. The judicial interspertion of landscape, marine, figure, and animal subjects, sustain an unabated interest, impossible where the scope of the work confines the artist too closely to a single style of subject. The literature of THE ALDINE is a light and graceful accomplishment, worthy of the artistic features with only such technical disquisitions as do not interfere with the popular interest of the work.

PREMIUMS FOR 1875.

Every subscriber for 1875 will receive a beautiful portrait, in oil colors of the same noble dog whose picture in a former issue attracted so much attention.

"MAN'S UNSELFISH FRIEND"

will be welcome in every home. Everybody loves such a dog, and the portrait is executed so true to the life, that it seems the veritible presence of the animal itself. The Rev. T. De Witt Talmage tells that his own Newfoundland dog (the finest in Brookland) barks at it! Although so natural, no one who sees this premium chromo will have the slightest fear o. being bitten.

Besides the chromo, every advance subscriber to THE ALDINE for 1875 is constituted a member, and entitled [illegible] the privileges of

THE ALDINE ART UNION.

The Union owns the originals of all THE ALDINE pictures, which with other paintings and engravings, are to be distributed among the members. To every series of 5,000 subscribers, 100 different pieces, valued at $2,500 are distributed as soon as the series is full, and the awards of each series as made, are to be published in the next number of THE ALDINE This feature only applies to subscribers who pay *for one year in advance.* Full particulars in circulars sent on application enclosing a stamp.

TERMS

One Supeription, entitling to THE ALDINE one year, the Chromo and Art Union, $5.00 PER ANNUM, IN ADVANCE.

(No charge for postage.)

THE ALDINE will, hereafter, be obtainable only by subscription. There will be no reduced or club rates; cash for subscriptions must be sent to the publishers direct, or handed to the local canvasser, *without responsibility to the publisher,* except in cases where the certificate is given bearing the fac-simile signature of James Sutton, President.

BEELLFONTE REPUBLICAN

BELLEFONTE, PA.

Agricultural.

☞ NOTE.—We earnestly desire that this department of our paper shall be made as useful as possible to our Agricultural friends, and therefore extend a cordial invitation to all parties interested, to favor us with contributions. Individuals who have made useful experiments and yet do not feel competent to write them out in form for publication, if they will favor us with the results we will take pleasure in putting them in proper shape.

The Two Records.

The Republican party opposed the doctrine of secession. The Democratic party favored it.

The Republican party saved the nation from destruction. The Democratic party plotted with public enemies for its overthrow.

The Republican party raised the means and men to defend the nation. The Democratcic party did all it could to discourage them.

The Republican party gave the country a national currency. The Democratic party opposed it.

The Republican party gave to actual settlers a free homestead. The Democratic party fought hard to prevent it.

The Republican party made possible the Pacific railroad. The Democratic party tried to prevent its building.

The Republican party believes in a wise system of internal improvements. The Democratic party is opposed to it.

The Republican party abolished slavery. The Democratic party fought hard to save it.

The Republican party believes in the protection of American citizens in the full enjoyment of every Constitutional right. The Democratic party believes that Government has no right to exercise its authority for the protection of citizenship within the limits of a State.

The Republican party believes in freedom of speech, freedom of opinion, a free press, and a free ballot. The Democratic party believes in according this freedom if used in its behalf, but denies it when opposed to its influence.

The Republican party has been tried for the past thirteen years by the severest test ever applied to a party and stands to-day as true to the cause of liberty and humanity as when it came into power in 1861. The Democratic party has been tried in a few States and has been found wanting in the essential elements of prosperity, loyalty, honesty, ability.

In a word, the Republican party believes in progression, and is pledged to the elevation of the nation by the elevation of its citizens. It is opposed to prescription, persecution, bigotry. Its creed is the greatest individual freedom compatible with the safety of the Republic. Liberal in its principles, humane in its measures, thoroughly loyal in all purposes, and firm in its resolves to maintain the Union as all hazards and any cost, it stands before the world the enemy of wrong, the friend of justice, the protector of the weak, the patron of labor, the great defender of a nation's honor, and the trusted guardian of the liberties of the people. Consider the two records; weigh the acts of both parties; test them by the true standard of honesty and patriotism, and then ask the question, Which of the two parties should receive the support of a loyal people? Who can doubt the answer? The party that is worthy of support is the one that has never betrayed its friends or violated its pledges.

THE triumph of the free trade repudiation Democrats of Ohio and Indiana, has considerably alarmed the business men of Pennsylvania, of both political parties, and is having an effect quite the opposite of that expected; all the more because pretended specie payment and Democratic papers, are frantically rejoicing over these free trade and repudiation victories, thus showing where their sympathies lie, and what may be expected of their party should it obtain power. Just as a rebel victory, during the war, only had the effect of rousing the people of the Keystone State to more vigorous exertion in behalf of the Union cause, so their repudiation and free trade victories, followed by the mad yell of rejoicing of such papers have awakened the mechanics and artisans of the State to a realizing sense of their danger, and they are taking active measures to avert it. Men in their senses do not often commit suicide, but this is exactly what the workingmen of Pennsylvania would do if, by their votes, they should help to throw the next State Legislature and the next Congress into the hands of the Democracy.

CASH RETURNED. **CASH PAYMENT.**

W. & B. COMPASS

FULL GUARANTEE.

EXPLANATION AND ELABORATION

OF WANAMAKER & BROWN'S NEW PLAN.

1st POINT. "CASH."

Houses doing a credit business *must* provide for losses on bad debts, interest on long-standing accounts, capital locked up, etc. To bear such losses themselves would drive them out of business. Therefore a per cent. is added to the price of each article sold, to cover this leakage, and *Cash Buyers* whether they *know it or not, really pay the bad debts and the interest on the long credits of the other customers!!* Under the *Cash Payment* system one pays only for what *he* gets, and contributes nothing to a "Sinking Fund."

By this *Radical Change* we shall lose some of our customers no doubt, but we will gain ten where we lose one, the advantages being so great to all who can avail themselves of them. So we say

CASH THROUGHOUT.

Bring Money for Clothing, and we will supply it at prices *possible under no other plan.*

2d POINT. "ONE PRICE."

The *fairness* of this feature of our plan all will praise. It is simply treating all alike—exacting nothing from indisposition to bargain or ignorance, and, at the same time, conceding *all* that shrewdness on the shrewdest customer's part could possibly extort, because the "One Price" which we mark on our goods, shall invariably be

NOT the "First" Price, but the LAST and LOWEST PRICE.
NOT the "TOP" Price, but the VERY BOTTOM PRICE.

In other words, Salesmen or "Headmen," have never been allowed, under ordinary circumstances, to fall below a certain figure! It is at that, or at a *lower* figure that we now determine to mark our goods, calculating the cost to the exact penny, and fixing the price at the low minimum profit on which business on a large scale can be conducted.

We know that the larger business we aim for and anticipate, will require a large increase in the number of customers, and we shall therefore see to it that the "One Price" is based on the Smallest Profit, calculated to the exact and lowest penny, which will not be difficult to do with universal Cash Payment for the rule. The price will be marked in plain figures and no alteration allowed.

NOTE.—Whenever the exigencies of the season, the state of trade, or the money market may demand, the right is reserved to go through our stock before or after business hours and mark down any lot or lots of goods, changing the figures on *all* the labels, so that the new rates are the same to all, and all buy alike at the mark down prices.

WANAMAKER & BROWN WILL NEVER HOLD THEIR GOODS.

3d POINT. "Full Guarantee."

A printed Guarantee, bearing the signature of our firm, will accompany each garment as a Warrantee. This binds us in every sense, and will be honored as quickly as a good draft of the Government of the United States. This is a sample of the Full Guarantee, and tells its own story:

GUARANTEE.

We hereby guarantee

1st. *That the prices of our goods shall be as low as the same quality of material and manufacture are sold anywhere in the United States.*
2d. *That the prices are precisely the same to everybody for same quality, on same day of purchase.*
3d. *That the quality of goods is as represented on printed labels.*
4th. *That the full amount of cash paid will be refunded, if customers find the articles unsatisfactory, and return them unworn and uninjured within 10 days of date of purchase.*

[Signed,] *WANAMAKER & BROWN,*
OAK HALL,
Sixth and Market Streets, Phila.

DATE,.....

4th POINT. "Cash Returned."

This is simply a concession on our part to our customers, to secure them full confidence in dealing for goods *they know very little about,* and we thus prevent any occasion for dissatisfaction from any and every cause whatsoever. If the garment is not exactly what you thought, if your taste changes, if the "home folks" prefer another color or another shape, if you find you can buy the same material and style elsewhere for less money, if you conclude you don't need it after you get home, if the season changes suddenly and you wish you had not bought it, *bring it back* unworn and uninjured, and the full amount of money you paid will be returned on the spot. What more can we do for our customers than this, when we make our clothing so that they can draw the money value with it equally as well as with a check on the bank?

MEDICAL.

CHEROKEE REMEDY.

THE GREAT INDIAN DIURETIC.
INFINITELY SUPERIOR TO BUCHU.

Nine tenths of the human family suffer, directly or indirectly, at one time or other, from diseases or irregularities of the generative system, while the victims of indiscretion, and of quack treatment, are comparatively numerous.

The idea that patients cannot treat themselves successfully in these cases, has long ago been exploded. A good and reliable medicine, prepared by an experienced physician, from the original Indian Recipe, that is guaranteed to effect a

SPEEDY AND RADICAL CURE.

can be as safely relied upon as the prescription of the most skillful practitioner. Such a medicine is the celebrated

CHEROKEE REMEDY.

Full directions accompany each bottle, and if they are carefully followed, a quick and permanent cure is guarranteed. Price $2.00 per bottle.

THE CHEROKEE INJECTION,

should always be used in conjunction with the Remedy for both incipient and obstinate cases of Gonorrhœa. Price $2.00 per bottle.

CHEROKEE CURE

for seminal weakness (spermatorrhœa), is a simple vegetable medicine that was used for many years in the practice of the physician who first gave the remedy to the public. It has effected cures that would scarcely be credited except on ocular evidence of the fact. Full directions, with pamphlet containing all particulars of symptoms, treatment, &c., accompany each bottle. Price $2.00 per bottle. Sold everywhere.

CHEROKEE PILLS.

These Pill are prepared expressly for the cure of those irregularities to which ladies are subject, and will be found safe, reliable and effectual, for the cure of Suppression, Green Sickness, Pain in the Back, Hysteria, Sick Headache, &c., &c. Price $1.00 per box.

Heimstreet's Hair Restorative,

OR INIMITABLE HAIR COLORING.

NOT A DYE.—Heimstreet's "Hair Coloring is not a Dye, and its operation is not by any chemical effect, but by a natural restoration of the glands, thus giving the hair the color it originally had.

NATURALNESS.—When the hair is dyed, its color is leaden hued and unnatural, but when restored by HEIMSTREET'S HAIR COLORING, its appearance is so perfectly natural that no one can detect the use of any Restorative.

STAINLESS.—While the Restorative acts promptly on the hair, it leaves no stain or mark whatever on the skin. It is composed of ingredients that form a perfect dressing as well as a coloring, so that no oils, &c., are necessary.

THIS MOST EFFECTIVE of all the Hair Restorers is for sale by all druggists at 50 cents and $1.00 per bottle. Numerous certificates from those who have used it are in the possession of the proprietors.

PARK'S BALSAM

OR

WILD CHERRY AND TAR.

BALSAM.—Nothing is more soothing to the irritated membranes than the pure BALSAMS of which this medicine is composed.

WILD CHERRY.—The true bark of Wild Cherry is an unfailing specific for all throat and pectorial diseases.

TAR.—The wonderful healing properties of Tar when united with the other ingredients, render PARK'S BALSAM the most efficient Cough Medicine ever offered to the public.

CONSUMPTION.—The many cases of Consumption that have been cured justify us in the assertion that it is the very best medicine for that disease ever discovered.

CERTIFICATES OF CURES.

STEPHEN FISK, of New York, says his daughter had consumption, and terbucles had formed in her lungs. He was induced to try Park's Balsam, which effected a speedy cure.

T. EDWARD FLEET, of Brooklyn says, I think it is the best medicine for affections of the lungs I ever used.

G. S. FANCHER, of New York says, I feel fully persuaded that Park's Balsam has saved my life.

We have in our possession hundreds of certificates from others, and all of the same cheering import. Price 50 cents and $1.00 per bottle. Sold by druggists and dealers everywhere.

EGYPTIAN

Rat and Vermin Destroyer

FOR EXTERMINATING RATS, MICE, WATER BUGS, ROUCHES, RED ANTS, &c.

STRENGTH.—When a Rat tastes the Egyptian Destroyer, his death warrant is signed, sure. It cannot fail to kill. It also creates great thirst, and the rat will search for water out of doors, and not die in his hole, to cause a stench that cannot be got out.

ATTRACTIVENESS.—Rats are the shrewdest of vermin. It is hard to get them to eat poison. An ingredient in the Egyption Destroyer is a perfect bait, and they are attracted rather than freightened be it. "Rats (not children) cry for it.

KEEPING SOFT.—People know how the ordinary Rat Pastes dry up and become useless, causing annoyance and loss. The Egyptian Destroyer is fully warranted to keep soft, fresh and effective in any climate for years.

SURE DEATH.—The Egyptian Destroyer kills every time. Hundreds of unsolicited testimonials are now in the hands of the proprietors, substantiating its great merits as the best preparation for destroying Vermin in the world. Be sure and ask for the "Egyptian," and take no other.

Put up in large glass bottles. Price, 25 cts. Sold by Druggists everywhere.

MEDICAL.

Wright's Rejuvenating Elixer.

For the restoration of Nature's forces. It gives new life and vigor to the aged, and causes the blood of youth to course through the veins. It effectually cures Impotency, Palpitation of the Heart, Loss of Muscular Power, Low Spirits, Disorgnization of the Generative Organs, and all the train of ills that follow in the path of the transgressor of Nature's laws. Price $2 per bottle.

It will be readily understood that in the brief space afforded by the advertising columns of a public print, it is impossible to give all particulars of the diseases that may be cured by the CHEROKEE MEDICINES. That they are destined to become immensely popular is plainly obvious in consequence of their

GREAT INTRINSIC MERIT.

The pamphlet and circulars that accompany the medicines give all the information which cannot be given here, and the remedies may be had of any respectable druggist.

A valuable farm containing 215 acres, situate within one mile of Milesburg, and three miles of Bellefonte, at the junction of the Bald Eagle Valley and Snow Shoe railroads, near the depot, Schools, Churches, Post office, Mills, etc. The lands are FREE from STONE, level, well fenced, and under a good state of cultivation. A valuable vein of

LIME STONE ROCK

is on the farm, and a village is growing up around it, which gives a fair prospect of an increase in value before long. The Philipsburg turnpike runs through it for a distance of ½ of a mile rendering a large strip on each side available for house lots, from which the entire price of the farm might be realized, lots having sold heretofore for $100 apiece. The farm is well watered, having water in all the fields, good wells at the house and barn with pumps all in good order. There also are 50 acres of good

PINE AND OAK TIMBER.

The land has a southern exposure and is therefore very early. There are two houses on the farm, both facing the turnpike. One containing five rooms on the first floor with Hall and five on the second and back Kitchen, with room over-head. Connected with this house is a good log barn, ice house and other out buildings. On the other side of the road is the other house containing eight rooms with good barn and out buildings. This farm could be divided into two parts, and will be if purchasers so desire, making one containing 130 acres with the large house, and the other containing 36 acres with the small house. ELAINE

AS AN ILLUMINATOR.

WHY IT IS THE SAFEST.

ELAINE will not explode while burning in a lamp, nor in any other way, as it does not contain any of the explosive compounds so frequently met with in the ordinary oil for illuminating. A lamp, filled with ELAINE, if upset or accidently broken, will not explode or burn. There is no position in which you can put a lamp filled with ELAINE, for common use, in which it will explode. As no other illuminator has such advantages of safety, ELAINE IS CERTAINLY THE SAFEST FAMILY ILLUMINATING OIL KNOWN.

It deals some telling blows at corporations, rings, and monopolies of all kinds. It does not support L. A. Mackey for Congress but appears to favor Col. C. T. Alexander. It proposes to run in the interest of the laboring classes and has no sympathy for shirt-collar influence. We don't believe it will last long.

MR. EDITOR:

I ask of you to tell me who put that piece in the paper about me. The piece is a correspondence from Marsh Creek, which happened going home from church on Sabbath evening. I wish to know and will know the person who told you as there is quite a sad mistake. Please let me know by return mail.

We never publish names of our correspondents if they request us not to do so as in this case, therefore if our friend will know, he'll have to resort to some other tactics.

—To vote for either of the Democratic candidates and to vote at the same time for Boozer is a half a vote against Boozer. So Republicans it will not do to vote for either of the Democratic candidates. A Republican vote for either Wolf or Shugert is a vote ...NST BOOZER, because ...swell the Democrat... just that much more. ...publicans don't for... ...e for Boozer ONLY.

THE DEMOCRATIC MASS MEETING.—The meeting of the Centre County Democracy in the Court House, last Tuesday evening, was significant in many respects. There was a large attendance and a considerable sprinkling of Republicans. Gen. Wm. McCandless, the first speaker, who is their candidate for Secretary of Internal Affairs, was unfortunate in many of his statements and undoubtedly *unmade* a number of votes. His stock in trade was unlimited abuse of the party in power. There was nothing new. The same stabs at the "nigger," as he called them; corruption of the party in power; Republican responsibility for all the crimes and misdemeanors of all parties and people, for the last fourteen years; stagnation of business; scarcity of money;—all, everything, was due to the Republican party. He didn't show how or why but appealed earnestly to the prejudices, and talked and acted as if he were addressing a lot of ignorant country people who would believe anything that a *fine city gentleman* would say to them. He was entirely too magnificent for the plain-going mass of people present, whether members of either party. The pith of his speech, however, was self-laudation, mingled with a considerable degree of unmanly abuse of Gen. Robert B. Beath, the gallant Republican candidate. We say it was *unmanly*; it was a cowardly attack on General Beath's character and standing as a man. He not only insinuated many things that are untrue, but boldly and brazenly stated an unwarrantable and damnable falsehood, and we are prepared to prove it. He charged that Gen. Beath had opposed the increase of pensions, the equalization of counties, and that he acted as the agent of corporations in opposition to the soldiers' county land bill. To show that William McCandless willfully and maliciously uttered a falsehood, we present the following letter from Gen. Beath:

SURVEYOR GENERAL'S OFFICE.

HARRISBURG, Oct. 3d, 1874.

MESSRS. TUTEN, GENTLEMEN:

My attention has been called to statements (in the Bellefonte *Watchman*) charging that I acted as the agent of corporations in opposition to the soldiers county land bill. The charge is *false*.

I never received or expected to receive a cent or its equivalent, and never was approached by any one interested in any corporation in any reference to this land question but I did oppose the county land-bill, because I then believed that it was only another obstacle in the way of soldiers and sailors securing legislation for which they had asked for some years—and which they could not get if the ex-soldiers and sailors did not join together and bring their influence to bear on one or two prominent propositions. 1st. the increase of pensions; 2d the equalization of counties. Whilst these were pending it was folly to introduce a bill that could never be passed because good public policy was against it. My efforts then were directed towards bringing all interested to see this in the same light I did—and I think there are very few soldiers who take time to figure on this subject who do not believe as I do, that the introduction of the subject postponed, if it did not kill measures more important and more just.

Pensions have been increased and I can claim having done as much work in that direction as any other man outside of Congress, though I have not been personally benefitted by any increase, as would have shared the same as any other soldier in the benefits of the land-bill. It was not therefore from any selfish motive that I advocated the one and opposed the other; but I thought the claims of the widow, the orphan and the cripple ought to be the *first* in the hearts of our soldiers.

Yours very truly,
R. B. BEATH.

Let every soldier remember that McCandless, who deserted the army in the hour of our country's peril, who claimed that the "post of honor was the private station" when the struggle was the fiercest, is also a man who will utter a falsehood to make a vote.

The next speaker was L. A. Mackey, the hard-money candidate for congress. His was a peculiar speech. Considering his age, his financial ability, his association for years with people of wealth and refinement, it was really ridiculous to hear the gentleman recite his pedigree, like a school-boy or a jockey. He told of his birth, early education, his success in business, and made himself out a hero. Then followed his biography as a politician. He was in his early life an old-line Whig; a Republican during the war; and after the war joined the Democracy. To sum it up, he acknowledged that he is a renegade Republican.

He attempted to deny that his nomination was the work of a ring; that neither he, nor Wallace, nor Orvis had anything to do with the apportionment of the districts they severally desire to represent. It looked somewhat like it, it was true, but it was not so. His argument was lame,—so terribly lame, that there was not a man within the sound of his voice who did not believe what is the fact that the Congressional, Senatorial and Judicial districts were apportioned expressly and specifically for Mackey and his two colleagues.

The speaker then recited his "principles," which were nothing more nor less than an almost *verbatim* rehersal of the Bill of Rights, attached to the new Constitution of the state. This was decidedly novel and interesting, to say the least. After the "bill" had been said, Mr. Mackey proceeded to defend himself against a number of charges made against him, by the BELLEFONTE REPUBLICAN. First, he said that he had been accused of being a National Bank president and a Railroad president. It was true; he was also president of a turnpike company, a bridge company, and a musical association; but he forgot to mention that he is, at present, president of a Camp-meeting Association, and that, a *great many years ago*, he was president of a *temperance* organization, although disqualified for that position at the present time. His explanation of his connection with the Bald Eagle Valley railroad was to the effect that he had given his time, his money and his brains to complete the same. He claimed that he had built it and that he ought to have the credit of it. But there was not an intelligent man in his hearing that did not know better. The Bald Eagle Valley railroad was built with *Centre County money*, and the road was graded before Mr. Mackey put his *brain* into the speculation. The business men and the farmers of Centre County built it with their money; and they lost their money and Mackey got it. It was when from $150.000 to $200.000 had been put into the road that Mr. Mackey went to Philadelphia and bought it at sheriff's sale for $23,000.00 or about $2.50 per share, which is now worth over $40.00 per share. In other words, by his intrigue, he managed to get $40.00 of Centre County money for every $2.50, he invested in a share of stock and afterwards asks the people to send him to Congress on that account. To show that he was not in control of the road at the present time, he read a telegram from the Supt. of the Clearfield railroad which stated that he (Mackey) would be taken to Clearfield by special train for $65,00. This was a heavy argument. Mr. Mackey is not president of that road and is entitled to no special trains that he does not pay for. But on the B. E. V. road he commands a special train free of charge, the same as any other railroad president. At least we know that, two years ago, he furnished a special train from Lock Haven to Bellefonte with plenty of cars for the Democracy of Clinton to attend a mass meeting at this place; but, a few weeks afterwards, when the Republicans of Clinton asked for, and offered to pay for a special train to attend a Republican mass meeting here, he (Mr. Mackey) refused to furnish a sufficient number of cars to carry them there and back. Mr. Mackey exercises all the functions of a *de facto* rail road president and no subterfuge, like the above, can disprove it. He also stated, when referring to his favorite subject of finance, that he was opposed to the National Banking system and, if elected, would favor an increase of currency. He made this statement in the face of the Pittsburg platform which advocates a return to specie, and did it on the strength of Adam Hoy's resolution which was nothing more nor less than a bid for Republican votes.

If he is opposed to national banks why does he continue to act as president of the Lock Haven National Bank? If he is in favor of inflation why is he the candidate of a party who advocate a return to specie payment? If he would answer these two questions the people would be better able to know just where he stands. Every intelligent man present knew it was a blowing-hot-and-cold bid for votes.

W. A. Wallace, the last speaker in the opening of his speech proclaimed in the voice of a trumpet "there's something the matter," "there's something the matter." He evidently felt that he and his colleagues were in great danger of being defeated and he probably had his mind on Alexander and McEnally when he uttered those prophetic words. He attacked the party in power from all the path-beaten directions and profanely said, "We are having a hell of a time"—which is painfully true—among the leaders of his party in this district at the present time.

The effect of the speeches made by the above trio has proved decidedly disastrous in themselves. The breach existing in the party, in this county at least, has only been widened. Let all honest voters see to it that high-flown style, duplicity and bragadocio are not the qualities desired in men who inspire to office.

WHO SERVES THE RING?—If Jack L. Spangler the Democratic candidate for District Attorney, is not in the employ of the District Ring ticket why does he serve them? Why don't he demean himself as the other Centre county Democratic candidates? Why does he go out and make Stump Speeches urging all Democrats to stick to the RING TICKET and vote against Cyrus T. Alexander for Congress? Let Jack answer why.

COURT PROCEEDINGS.

A special term of court convened on Monday, Oct. 19, at ten o'clock A. M., his Honor. Judge Orvis, presiding. No cases being ready for trial, court adjourned until two, P. M. In the afternoon the case of Barbara Smith vs. R. D. Cummings, No 67 Jan. T. 1874, was tried before a jury. Mrs. Smith, a colored woman, had possession of a lot of ground in this borough, which she leased to the defendent in 1866, for $10 per year, to be used as a brick yard. She claimed for a balance of rent due, and also compensation from Mr. Cummings for not putting a board fence around the lot and plowing, and manuring it according to agreement. The defence was that the plaintiff did not own the lot, and also that she sold it before the lease expired. Verdict for plff. for $93.90. Furst for plff. Beaver for deft.

In the case of J. D. Valentine vs. J. Witherite, No. 52 April T. 1874, on ejectment, a verdict was taken for the plff. for the land described in the writ, to be released on the payment of $450 by the first of March, 1875.

Wm. B. Evens vs. Strait & Page, No. 326, April T. 1874, assumpsit. Mr. Evens contracted with the defendents, who are proprietors of a shingle mill in this town, to cut, haul, and deliver shingle bolts and heading bolts at their mill. He claims that he went on and made roads and did other work by way of preparation for executing his agreement, and delivered to the defendents a quantity of lumber, but before the contract was completed they took the job away from him and gave it to another party. He claimed for a balance due for what he delivered, for making roads, etc. Deft. alleged that the material was to be delivered sufficiently fast to keep their mill running, but that this was not done, and they were in danger of losing the timber they had contracted for, and which was to be removed within a certain period. Verdict for plff. for $414.99. Beaver for plff. Yocum for defts.

Josiah Stahl, vs. R. D. Downing et al, ejectment. A verdict was taken for deft.

WEDNESDAY, 21st.

Judge Mayer took the bench to try a special case in which Judge Orvis had been formerly engaged as counsel. This was the case of Wm. L. Wilson and others, trustees of the M. E. Church at Stormstown, vs. John Tompson and Homer S. Thompson, No. 23 Jan. T. 1872. There is some difficulty about the location of lots in Stormstown, and it was claimed in behalf of the church, that Ex-Sheriff Thompson had encroached upon the church property by building his fence from six to nine feet on the church lot. There was no doubt that some of the lots there over run, but whether the overplus belonged to the church or to Sheriff Thompson was the question to be determimed by this action. A number of witnesses were examined as to the location of former fences around this lot, it being claimed by the plffs. that the church had acquired title to this overplus by twenty-one years adverse possession. The cause was not concluded at the hour of adjournment.

THURSDAY, 22d.

The trial of the case of the Trustees of the M. E. Churh of Stormstown vs. Thompson et al, was continued. The deft. endeavored to prove that his fence was erected where a former fence on that side of the church lot was situated and that the church was entitled to only sixty feet in width of ground, as called for by its deed. The jury rendered a verdict giving the plff. sixty-six feet in width, to commence at a line three feet and one inch from the church, instead of close to the church as it would have been, had the deff. made good his claim. Furst and Blanchard for plffs. Beaver for defts. J. N. Casanova vs. The Derby Coal Co. of Pa., No. 29 April T. 1874, assumpsit. Mr. Casanova was formerly superintendent for the Derby Coal Co., and by authority of the general manager of the same, he leased a lot of ground and warehouse of his own, in Philipsburg, for a lumber yard and for storing shingles, etc. He claimed for eleven and a half months rent, and obtained a judgment before a justice of the peace. From this judgment the defts. appealed to this court. No proof was offered for the defence, neither parties, nor witness appearing for them. The jury rendered a verdict giving the plff. $100,55 Hoy & Hale for plff. Beaver for defts. John Blair, who plead guilty to a charge of forgery at the last term of court, was sentenced to imprisonment at labor in the Western Penitentiary for three years.

FRIDAY, 23.

Geo. Fravel vs. John Sarvey, No. 273 April T. 1874, sci fa sur Mechanics Lean. Mr. Fravel, who is a carpenter, put up a house for Mr. Sarvey, for which he was to recieve $1000, only part of which was paid. The defendent claimed that the work was not well done, and that it was not finished according to contract. Verdict for plff. for $20. Barnhart for plff. Beaver for deft.

D. Gilligan use of Joseph Iddings vs. James Iddings, No. 307 April T. 1874, sci fa sur judgment. A jury was impanelled in this case, but there being some question as to the introduction of evidence on the part of deft. it was agreed to continue the cause, defts counsel promising to bring suit. Beaver for plff. Furst for deft.

FOR THE REPUPLICAN DISTRICT ATTORNEY.

Every voter of Centre County is called upon to vote for one man for the office of District Attorney on the third of November next. Will the people make a wise choice or will they permit party prejudice to control their vote? Impartially compare the qualifications of the two candidates and from this stand point decide whom you will vote for. The question is one of great importance to every tax-payer of Centre County and should excite interest enough in you to vote for the man who is capable of discharging the high duties of the office. Your only choice can be one of two.

Then, will you, can you, vote for J. L. Spangler, the smooth faced boy with an intellect just as barren of law as his face is of down? The outside is a true index of what is inside of his calibre, mentally, socially, morally and religiously. Jack thought he was called to be a minister of the gospel and strove in that direction until pap said he would give him no money for such tamed foolishness. Jack strove a little more with the spirits (ardent) and was thereby influenced to be a candidate for District Attorney. He then read a little law at his pap's bar, had his name registered in the office of Orvis and Alexander, but never spent any time there reading law; was a while in the *Watchman* office for the purpose of looking up his interest in the District Attorneyship. The next place we find him is on the corner of High and Allegheny street, near Bush & Yocum's office. This position he keeps for a few months it being a good point, reading law all along the front of the Court House yard, with every legal subject that came in his way. Jack had heard some one speak of reading Blackstone, it being a law text book, but thought Bush & Yocum's would be of greater advantage to him. Jack was then finally admitted to the bar after playing student about a year and a half and during which time he was a candidate for District Attorney. This is in truth and fact the way Jack read law, and became a candidate, changeable and changing all the time. Religiously, he must have a good standing (according to his own notion) as one of his arguments to some was, that he was a Presbyterian, was a moral man strongly in favor of temperance and would have been elected elder in the Presbyterian Church had the election not been postponed another year. This kind of talk shows the quantity as well as the quality of the mass. He wanted to be everybody's friend, socially, religiously, and politically. His sociability was never know until he became a candidate. This fellow was pressed into service, principally by a defaulting tax-collector, who traveled with him, talked for him and lied for him. These two fellows expect to farm together and share the spoils of the office, as they are both greatly in need of funds—according to their own argument, as they represented that they were poor and that the office was worth a very considerable sum. Give this defaulter a chance along with this inexperienced boy and the county will learn another lesson, when too late. This fellow was only admitted to practice law last January with the amount and kind of reading just related. Having never had a case before court or anywhere else, is it possible that he is qualified in any degree to discharge the duties and requirements of that office? On the other hand we have in the person of John G. Love, a full grown man who has had several years successful practice at the bar, having devoted his whole time and attention to the law since his admission to the bar. A young man of natural ability, and sterling worth, pleasant, agreeable and obliging in his manner to all with whom he becomes acquainted, attentive to business, and prompt and truthful in every engagement. Such a man we find John G. Love, who was fairly placed in nomination by the Republican County convention, and as such it is the duty of every Republican voter to use his influence to secure his election. Democrats, it is equally your duty to vote knowingly upon this question, and if you wish no more defaulting, no more loss of taxes, vote for John G. Love. URANUS.

——Pen Portraits seem to have become necessary, at this time and in this community, in order to give the public an adequate idea of the fitness of candidate to serve the people, as gathered from a superficial view. There is perhaps no gentleman before the people, who does not receive a more generous share of public confidence and sympathy than Levi A. Mackey the congressional candidate. If our readers could have seen this great man when he appeared before a Bellefonte audience, last week in the capacity of orator they would certainly have been struck with his *distingue* appearance. When he entered the court house he appeared to be conscious that he was undergoing an ocular examination, such as a horse receives when about to change owners. His raiment of faultless broadcloth and immaculate linen, his bay window, phrenological adornments and ruby face where in his favor but, despite the age of this nation, and the many advantages it has enjoyed in the past century, the straight-out candidate is bow-legged. This is owing perhaps to his standing on two platforms at the same time and admiring the general aspects of the national debt. Perhaps it's his bow-legacy that enables him to keep one foot on each of these platforms. When the venerable president of that meeting spoke the introductory words, the subject of this notice walked up onto the bench and began to say his speech. There were no words of apology about a bad cold or a sore throat, nothing but a systematic pitch like a school-boy performing the obsequies on Sir John Moore. I was born, said he, in Union County of poor but honest parents, at the age of four years. Shortly after, I took the measles and for several weeks exercised no part in public life. Some years after I went to school, and always learned my lessons and never stuck pins in the seats. I always was fond of a hatchet and my natural hankering for cherry-wine was instilled into me by careful study of the parable of the lamented Washington. Later in life the little farm became too small to support me and I left home with a small bundle, a light heart and seventy-five cents in my pocket which I had borrowed. My journey led me up through the great valley of the Susquehanna, teeming with its beds of undeveloped minerals; its mighty forests standing in primeval solitude; its fertile soil only waiting the plow share of civilization; its cloud capped mountains, lifting their unbrageous summits as if to kiss the heavens; its magnificent water power, coursing in gentle murmurs from the fountain head, distilling in the dews, sparkling in the sunlight, breathing a sweet aroma on the modest flowers by the way side, now dashing over heavy rocks, then spreading out broadly, smoothly and glittering as a mackeral by moon light until it reached a companion stream in its rush to the centre of gravitation. Here I resolved to make my home and grow up with the natives. Shortly after I was stricken down with the whooping cough which compelled me to join the Know-nothings. The varied leadings of this party I followed until my hair began to turn gray, and I resolved to change my colors. For a few years I was a Democrat, but being attacked with the variloid, I resolved to find rest and refreshment with the Republicans, I was a member of that party for several months before going back to the Democrats. Then I turned because I thought it was policy. I kept on changing from one party to another with the phases of the moon, until the latter got too slow on my hands. Then I struck out on my own hook. During the war I made money with my national bank. J. Cook said my bank might be No. 41 if I said so but (excuse my emotion) it is to-day, No. 31,962,837, therefore I am not in favor of national banks, and you ought to vote for me (a voice, hurrah for Alexander!) since then I've had the chicken-pox, diptheria, nasal-catarrh, lumbago, cerebro-spinal-meningitis, gout, and a tumor, which have given me some precedence in the ranks of the Democracy. And where is the Republican party to-day? Look what our country is coming to; look at the hard times. Why the times are so hard that we are compelled to drink soft water. Republican grasshoppers have turned the beautiful prairies of the west into dense wildernesses. People have been so hard up that we ask 24 per cent for No. 1 paper. There is no food for the cattle; no wool on the sheep; our butchers sell nothing but dried beef. We have to soak our hogs to make them hold swill; lumber has dried up so that farmers chopped seasoned timber all through August, and their's no demand for anything but matches. Potatoes are fewer in a hill; hens-eggs are reduced in size; there are less national bank men to the acre, than there has been for ten years. Who is responsible? The Republican party. Elect me to congress and I will bring order out of chaos, will annihilate the potato bug, will send refreshing showers through the lumber regions; will thrash Grant when I get to Washington, I will give you the oil of joy for—excuse me—I'm getting a fever.

——Last week the Clinton *Democrat* published a letter addressed to the Bellefonte REPUBLICAN which was signed by Moore, Simpson &. Co., Bankers, Lock Haven. The letter was in answer to some strictures placed upon Wm. Mackey, Democratic candidate for Congress, which involved the above firm. We do not know any of the above firm and have never heard anything of a very serious nature against their business integrity or good name. We, however, are in the habit of conducting this paper to suit ourselves, just as they use their own judgment in conducting their business affairs. Their letter denies that they have an arrangement with Mackey's bank by which they use Mackey's money to discount paper at rates exceeding the National Bank limit. They only deny. We have the names of a number of gentlemen who are positive that such is the fact. We are informed, and reliably informed, that this subterfuge is practiced by the above firm whenever practicable. We therefore could not consistently publish their letter for the following reasons which we deem quite sufficient: 1. Because we did not believe their statements were in accordance with the facts. 2. Because we are not in the habit of furnishing space, gratis, to strangers for the purpose of giving them an opportunity to call us liars. 3. Because we are not at the present time running this paper in the interest of either L. A. Mackey or Moore, Simpson & Co.
